

Understanding Domestic Violence & Abuse Training

Domestic violence is a serious safeguarding issue that needs to be recognised and responded to as early as possible. It is a social problem and national concern with significant negative impacts on individuals and communities we work with.

Course content:

- Types of abuse
- Myths and facts
- Cycle of abuse
- Impact of domestic abuse and violence
- Barriers to disclosure
- Risk assessments and procedures

All delegates receive a complimentary training pack and a USB memory stick with materials and resources.
