

Drugs Awareness Training

On this training delegates will learn how to spot the signs and support and educate people who have possible drug issues. This is an interactive course that aims to increase the knowledge and confidence in staff also acting as an update on drug trends including the use of 'legal highs'/new psychoactive substances.

Course content:

- Common drugs, what they look like, slang names, how they are used, effects and risks
- Categories of drugs
- Stages of addiction
- Drugs and the law
- Update on trends including 'legal highs'/new psychoactive substances

All delegates receive a delegate pack and a USB memory stick with training materials and resources

This in house training is suitable for staff at all levels who work directly or indirectly with people who use drugs.
