

Substance Misuse and Mental Health Service Available to all Schools and Colleges

Stacey Miller Consultancy is an affordable and flexible service that is interactive and up to date, specialising in substance misuse and mental health education and training.

Training

Training can be for the benefit of teachers, school staff and governors and can include sessions such as 'understanding self harm', 'working with families affected by substance misuse', 'anti-social behaviour', drug trends such as 'legal highs' and 'mental health awareness'.

Education

Education can involve parent information evenings, PSHE lessons and targeted work on topics such as self esteem, cannabis and managing peer pressure.

"Stacey is a natural enthusiast and is clearly very passionate about her work as well as being highly knowledgeable and engaging.

She is very professional and creative in her mission to educate young people. I look forward to more joint working in the future."

Clare Buckler

Head of PSHE, Hamble Community Sports College, Hampshire
